Side Effects

Potential side effects include skin irritation for some individuals. Always dilute essential oils and perform a patch test before extensive use. Consult a healthcare professional if you are pregnant or nursing.

Aroma Description

Bay Laurel oil has a fresh, herbaceous aroma with a slightly spicy note. This scent can be invigorating and calming at the same time.

DIY/Home Extraction Method

You can create a simple home extraction using steam distillation:

1. Gather fresh bay leaves.
2. Place them in a distillation apparatus with water.
3. Heat the water to produce steam that passes through the leaves, capturing the oil.

Shelf Life

When stored in a cool, dark place, Bay Laurel essential oil can last for 2-3 years. Keep the bottle tightly sealed to maintain its quality.

Child Safety

Use with caution around children. Dilution is crucial, and avoid using it on children under two years of age.

Animal Safety

Be cautious when using essential oils around pets. Some oils can be toxic to animals. Consult with your veterinarian if unsure.
