## Scientific Name/Botanical Name

The botanical name of Rosemary Verbenone is *Rosmarinus officinalis CT verbenone*. This particular chemotype is characterized by its unique composition and effects, distinguishing it from other variations of rosemary essential oils.

## Oil Origin and Extraction

Originating from specific microclimates along the Mediterranean coastline, *Rosmarinus officinalis* is renowned for its robust growth and fragrant foliage. The oil, extracted primarily through steam distillation of the flowering tops of the plant, offers a potent yet gentle aromatic profile. This method ensures that the oil retains its therapeutic properties, delivering a concentrated essence of the plant's natural benefits.

## Characteristics and Odor

Rosemary Verbenone Essential Oil is a clear to pale yellow liquid with a refreshing, herbal aroma that is softer and sweeter than many other rosemary oils. Its odor profile includes a subtle hint of camphor, balanced by an underlying citrus note. The aroma is both invigorating and soothing, offering an uplifting scent that can simultaneously calm the senses.

## Consistency and Evaporation

This essential oil has a thin consistency, which makes it easy to blend with other oils and effortlessly integrate into various applications. Its evaporation rate is moderate, allowing its fragrance to linger longer in an environment, making it ideal for use in diffusers and aromatic blends.

## Aroma and Constituents

### Aroma

The aroma of Rosemary Verbenone is soft yet penetrating, with a cool, grassy and herbal scent, reminiscent of fresh rosemary herb but with a milder profile. It invites a sense of freshness and rejuvenation into any space.

### Constituents

Key constituents of this essential oil include verbenone, camphor, 1,8-cineole, and alpha-pinene. The balance of these components is what provides its unique and varied therapeutic benefits. Verbenone, in particular, is known for its skin rejuvenating properties, making this oil popular in cosmetic formulations.

## Blending and Uses

## Blending Options

One of the appealing aspects of Rosemary Verbenone Organic Essential Oil is its versatility in blending. It harmonizes well with a range of other essential oils, enhancing their effects while adding its own distinctive touch.

### **Blends Well With:**
